Ellis/Bushard Intersection Closure
Estimated start date: As early as May 22, 2006
Estimated closure: 9 months

Atlanta to Indianapolis
Phase 1:
Installation of the dewatering system is almost complete as preparations continue for Phase II.
Phase 2:
108-inch pipe installation and full closure of Bushard Street is expected to start as early as May 10, 2006.

Panacea to Atlanta
Major construction and full closure of Bushard St. continues between Panacea Dr. to Atlanta Ave. with more than 800 feet of new pipe installed since starting in March. Estimated completion late summer 2006.

- Project Route
- Installed 108-inch Diameter Pipe and Completed Intersection Structures
