Updated Biosolids Contractor Requirements

How does OCSD oversee the biosolids management contractors who haul and recycle 30-40 truck loads of our biosolids per day? The Biosolids Contractor Requirements (www.ocsewers.com/bcr) is a comprehensive document demonstrates how OCSD ensures compliance with regulations, performance of best management practices, and conformance with our nationally-certified biosolids program. Read more in [this article](#).

The document was recently updated and presented to our contractors.

TOUR PASS

The Orange County Sanitation District provides wastewater treatment to more than 2.5 million residents in North and Central Orange County. We are the third largest wastewater facility west of the Mississippi River and treat over 207 million gallons of wastewater every day. **Take a FREE tour of our Fountain Valley plant and learn more about wastewater treatment!**

Updated Biosolids Video

This [3-minute video](#) explains where OCSD recycles our biosolids. It provides a brief overview of each site. Visit OCSD's YouTube videos at www.youtube.com/2OCSD.

OpenGov

OCSD Biosolids Policy

OCSD strives to recycle our biosolids using sustainable options while protecting public health and the environment.

New Certified Biosolids Program webpage

OCSD recently added a new webpage that explains our biosolids management system in more detail. Check out this new resource at: www.ocsewers.com/cbp.
