

# STATE COLLEGE SEWER CONSTRUCTION (PHASE B OF THE NEWHOPE SEWER REPLACEMENT PROJECT)

## CONSTRUCTION ALERT

**State College Blvd. between Orangewood Ave. & Cerritos Ave.  
As Early as October 8, 2018**

*For more information, call the 24-Hour **Construction Hotline** at (657) 208-7900.*

- WHAT:** Regional sewer construction on State College Blvd.
- WHEN:** As early as October 8, 2018 - March 2019  
Monday – Friday, 7 a.m. to 7 p.m.  
(periodic weekend and night work will occur as needed)
- WHERE:** State College Blvd. from Orangewood Avenue to Cerritos Avenue
- WHY:** To replace the regional sewers
- HOW:** Construction area will be established using k-rail and by reducing the travel lanes from three to two in each direction. Pits will be excavated north and south of Katella Avenue to avoid trenching across the intersection and the railroad tracks. A trench will also be excavated starting at Orangewood Avenue and proceed north.

*This project is replacing four miles of regional sewer pipeline in Anaheim between Orangewood Ave. and just south of the 91 freeway. Currently, construction is taking place between Cerritos Avenue and Ball Road. which is scheduled for completion in late spring 2019.*

Thank you for your patience and understanding.

If you would like additional information, please call our dedicated **Community Liaison** on the **Construction Hotline (657) 208-7900** or e-mail **constructionhotline@ocsd.com**.
