

**DECEMBER 2018
FLSA: EXEMPT**

SAFETY AND HEALTH REPRESENTATIVE

This class specification indicates, in general terms, the type and level of work performed as well as the responsibilities of employees in this classification. The job functions described are not to be interpreted as being all-inclusive to any specific employee.

DEFINITION

Under direct supervision or direction, performs a variety of activities to support the safety, health, industrial hygiene, and disaster preparedness needs of the District; assists other staff with the development, implementation, and administration of assigned programs, policies, and procedures; provides information and training; conducts and assists other staff with audits, investigations, and regulatory interpretation; performs a variety of routine administrative and technical tasks as assigned; and performs related work as required.

SUPERVISION RECEIVED AND EXERCISED

Receives direct supervision or direction from the assigned supervisory and/or managerial staff. Exercises no direct supervision of staff.

CLASS CHARACTERISTICS

This classification is the first of three (3) levels within the risk management job series and provides general support to an assigned area. Positions at this level are not expected to function with the same amount of program knowledge or skill level as positions allocated to the Senior Safety and Health Representative and exercise less independent discretion and judgment in matters related to work procedures and methods. Work is usually supervised while in progress and fits an established structure or pattern. Exceptions or changes in procedures are explained in detail as they arise. As experience is gained, assignments become more varied and are performed with greater independence. This class is distinguished from the Senior Safety and Health Representative in that the latter performs the full range of duties assigned to the class series, is assigned as program or project leader and is responsible for the more complex programs and projects that require a higher level of knowledge and skill and that, in collaboration with other staff, may have District-wide impact. The Senior Safety Representative is required to have designated safety certifications.

EXAMPLES OF ESSENTIAL JOB FUNCTIONS (Illustrative Only)

The following essential job functions are typical for this classification. Incumbents may not perform all of the listed job functions and/or may be required to perform additional or different job functions from those set forth below to address business needs and changing business practices.

- Adhere to safe work practices and procedures in the workplace.
- Work extended hours, nights, weekends and holidays when necessary.
- Utilize a computer, relevant software applications and/or other equipment.
- Effectively communicate in person, over the telephone, and in writing.
- Use tact, initiative, prudence, and independent judgment within general policy and legal guidelines.
- Establish, maintain, and foster positive and effective working relationships with those contacted in the course of work.

Employment Standards:

Any combination of education and experience that provides the required knowledge, skills, and abilities may be qualifying as determined by OCSD.

1. Bachelor's degree from a college or university accredited by the U.S. Department of Education, with major coursework in safety, industrial hygiene, environmental engineering, or a related field.

Licenses and/or Certifications:

- Valid California Class C Driver's License.

Disaster Service Workers:

All Orange County Sanitation District employees are designated Disaster Service Workers through state law (California Government Code Section 3100-3109). Employment with the Orange County Sanitation District requires the affirmation of a loyalty oath to this effect. Employees are required to complete all related training as assigned, and to return to work as ordered in the event of an emergency.

PHYSICAL DEMANDS

Must possess mobility to work in a standard office setting and use standard office equipment, including a computer; to inspect various sites and to investigate accidents, including traversing uneven terrain, climbing ladders, stairs, and other temporary or construction access points; ability to travel to various District sites, projects and/or meetings; vision to read printed materials and a computer screen and make detailed inspections; color vision to identify materials and structures; and hearing and speech to communicate in person, before groups, and over the telephone. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator, to operate standard office equipment, and appropriate inspection and/or safety equipment. Positions in this classification bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information. Employees must possess the ability to lift, carry, push, and pull materials and objects weighing up to 10 pounds.

ENVIRONMENTAL ELEMENTS

Employees work partially in an office environment with moderate noise levels and controlled temperature conditions, and partially in the field and are exposed to loud noise levels, cold and hot temperatures, inclement weather conditions, road hazards, vibration, confining workspace, chemicals, mechanical and/or electrical hazards, and hazardous physical substances and fumes. Employees may interact with upset staff and/or public and private representatives and contractors in interpreting and enforcing departmental policies and procedures.
