

STATE COLLEGE SEWER CONSTRUCTION

Orange County Sanitation District

CONSTRUCTION ALERT

NIGHTTIME CONSTRUCTION at STATE COLLEGE BLVD. and ROMNEYA DR. - PLACENTIA AVE.

Starting August 26, 2019

For more information call the
24-hour **Construction Hotline**
at **(657) 208-7900**

Night Work is Necessary...

But we understand its also an inconvenience. Below are a few steps we are taking to minimize impacts to the community:

- Lights necessary to perform the work will be pointed directly at work and away from residential buildings.
- Noisier activities will be performed earlier in the evening.
- Crews have been instructed to keep voices down and all noise to a minimum.
- A Construction Hotline is available to address questions and concerns.

WHAT: Nighttime construction

WHEN: August 26, 2019 and continuing for approximately 8 weeks

Weeknights 8 p.m. to 6 a.m.
Occasional weekends continuously from Friday 8 p.m. to Monday 6 a.m.

Dates and times are subject to change due to operational factors or inclement weather.

WHY: To replace the regional sewer

HOW: While crews are performing as much work for the project throughout the day, specific locations such as this require night time work due to significant traffic restrictions. Drivers should expect reduced lanes and turn restrictions * (please see map on back) and residents may notice an increase in activity and noise levels. The contractor is taking all reasonable steps to limit the amount of noise and disturbance while performing the work.

As a reminder, this project is replacing four miles of sewer pipeline in Anaheim between Orangewood Ave. and just south of the 91 freeway.

Thank you for your patience and understanding.

NO LEFT TURNS AT E. ROMNEYA DR. / N. PLACENTIA AVE.

During the first phase of work all left turns will be restricted at the intersection and only right turns will be available in all directions. No thru traffic will be permitted in the east and west bound direction. Thru traffic, with reduced lanes will be permitted north and south bound on State College Blvd. U-turns are available at E. LaPalma Ave. and E. Via Burton. Traffic control will change slightly during different phases of the construction so please follow all traffic signs. Pedestrian traffic will be maintained and we encourage everyone to use crosswalks and exercise extreme caution when crossing the street.
