

STATE COLLEGE SEWER CONSTRUCTION

Orange County Sanitation District

CONSTRUCTION ALERT

State College Blvd. from La Palma Ave. to Underhill Ave.

Starting December 2nd, 2019

For more information call the
24-hour **Construction Hotline**
at **(657) 208-7900**

WHAT: Regional sewer construction on State College Blvd.

WHEN: Beginning as early as December 2, 2019 through Spring 2020*
Monday – Friday, 7 a.m. – 7 p.m.

** Dates and times are subject to change due to operational factors or inclement weather.*

WHY: To replace the regional sewer.

HOW: Initial activities will consist of k-rail set-up, street restriping, and median removal.

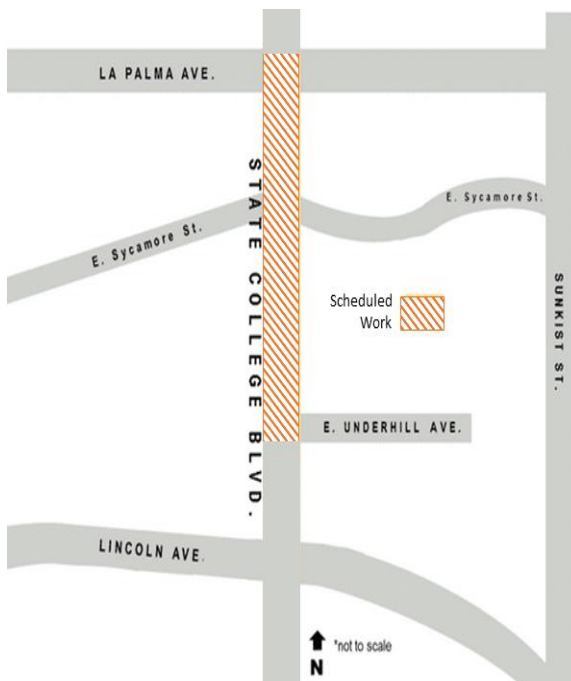

The area will then be excavated and shored to begin the sewer pipe installation. The pipe will be installed 18 feet below the ground. Laterals are connected once the installation of the pipe is completed. The area will then be restored.

Please expect reduced lanes and turn restrictions. We encourage you to use alternate routes and allow extra time to get to your destination. Please use caution in traffic zones.

As a reminder, this project is replacing four miles of regional sewer pipeline in Anaheim between Orangewood Ave. and just south of the 91 freeway. To date, approximately three miles of pipe have been successfully installed.
