OCSD WASTEHAULER STATION
CONDITIONS FOR USE

Wastehaulers must comply with all prohibitions and requirements as mandated by the Orange County Sanitation District (OCSD) Wastewater Discharge Regulations, Ordinance No. OCSD-48. Failure to comply with any requirement may result in enforcement actions including, but not limited to permit suspension or permit revocation. Actions by a wastehauler that result in damage or disruption of OCSD’s facilities may result in civil action to recover damages. OCSD staff have the authority to refuse entry and discharge privileges to any permittee found in violation of these rules. A Notice of Violation may be issued to the driver, with a copy sent to the company.

The following list are some, but not all, of the requirements found in Ordinance No. OCSD-48 that pertain to Wastehaulers:

1. Wastehauler Station hours of operation are Monday through Friday 5:30 a.m. to 4:30 p.m., and Saturday 8:00 a.m. to 12:00 p.m. Discharging or attempting to discharge at locations not designated by OCSD and at times other than those established by OCSD is prohibited.

2. Discharging or attempting to discharge without a valid OCSD permit and decals from both OCSD and Orange County Health Care Agency (OCHCA) is prohibited.

3. Discharging or attempting to discharge any waste with constituents in excess of the discharge limits in Table 1 of Ordinance No. OCSD-48 is prohibited. Discharges shall not violate the prohibitions contained in Section 201 of Ordinance No. OCSD-48.

4. Waste must be an approved type. The discharge of industrial wastewater by any Wastehauler is prohibited.

5. A 4-inch hose with a 4-inch Chem-lock coupling must be used for discharge. Hoses must be secured to the station coupling when discharging and while cleaning inside the tank. Discharge hose must remain connected to discharge port while cleaning hose after discharge.

6. Discharging directly to the surface such as concrete, pavement, wash pad, etc. is prohibited.

7. Hosing or placing debris such as paper, plastic, or other solid materials into the drain is prohibited. This material must be disposed of in the dumpster.
8. Discharging or attempting to discharge at the station without submitting a complete and accurate waste tracking form is prohibited. Forms shall include the name and address of the wastehauler, permit number, truck identification, names and addresses of all sources of wastewater, and volume and type of wastewater.

9. Transferring loads between trucks or any portable receptacle to trucks on OCSD property is prohibited.

10. Discharging or attempting to discharge loads with pH below 6.0 S.U. and above 12.0 S.U. is prohibited. Adjustment of pH using chemicals within OCSD premises is prohibited.

11. Samples must be taken in the presence of OCSD staff. Drivers must wait for OCSD staff approval before discharge.

12. Your due diligence is required to help maintain the discharge station in a clean and orderly fashion. Clean up after yourself. Washing inside the tank can only be done after discharge is completed. Maximum limit for washing inside tank is 10 minutes.

13. Follow OCSD staff instructions at all times.

14. You must arrive at the station 15 minutes prior to closing for service.
